

when the vehicle is presented, before the expiration date, in any of the Banjército modules at the Mexican northern border

How long does the permit lasts?

- **Foreigners:** The duration of the permit will be the same as the tourist visa length
- **Mexican residents abroad:** In a period of one year (12 months) you are authorized to keep the car in Mexico for 180 days, with multiple entrances

When leaving Mexico, you must visit the CIITEV module at the north border in order to obtain your cancellation or to register your return to have a record of the days used. This will make your next visit easier. If your left a deposit don't forget to ask for a refund with your original receipt.

Who is allowed to drive the vehicle?

- **Foreigners:** the importer, his spouse, ascendants, descendants or siblings, even if they are not foreigners; foreigners that hold migratory status authorizing them to do so or a national, as long as any of the authorized persons travels on the vehicle

- **Mexicans:** the importer, his spouse, ascendants, descendants or siblings, only if they have legal residence abroad; a foreigner with the appropriate migratory status, and any other person, as long as the importer travels on the vehicle

Only this persons are allowed to drive the vehicle, if not, the vehicle will be seized and a sanction will be applied.

Which documents do I need?

- **Foreigners:** official identification in force and copies of the migratory documents issued by the Mexican Migration Institute showing their current migratory status, it will be delivered at the Migration offices at the border
- **Mexicans:** a document proving legal residence abroad or an official document to prove the migratory status authorizing them to work abroad for up to one year
